## Public Works Takes Heat

**Dir. Dept. of  
Public Works  
Frank Dann**

**BID  
Barry Rosengarten**

**Resident  
Linda Cruz**

PERTH AMBOY - At the Caucus Meeting, The BID representatives Barry Rosengarten and Virginia Lugo made a presentation of a proposed planter program on Smith Street.

Rosengarten said, "The planters (on the ground) would enhance the appearance of the business district and we have the money saved for this program and we are willing to implement it with the Council's approval."

Virginia Lugo said, "The planters will be about 250 lb after filling. They will have BID stickers on them and have perennials. Three landscapers will maintain them."

Councilman Kenneth Gonzalez raised his concern that they will be a receptacle for litter.

Virginia Lugo said, "The businesspeople who are a part of BID will donate money towards maintaining the planters. There will be more maintenance done in the spring and the winter."

Barry Rosengarten said, "Our committee will keep eyes out on the planters."

Director of Public Works, Frank Dann said he has issues with maintenance and vandalism with planters. There is a potential for spray painting and toppling over of the planters. "Our department already has enough work to keep us busy without taking over any additional responsibilities. The public will be calling us if

there is any problem with these planters. We need a contact number for your committee."

Rosengarten said, "We may have to call on Public Works to help with some problems, but if we see anything that doesn't belong in the planters, we will remove the item and dispose of it properly."

Lugo said, "We have to take a risk at improving the City's appearance."

Rosengarten also said that the BID's budget for this project is \$8,300. "It will be used to maintain this program. We have kept our budget under control using unexpended funds from prior years. Planters will also be placed to discourage jaywalkers."

Lugo said, "We have worked with the police to make sure planters do not interfere with crosswalks, fire hydrants, etc."

UEZ/BID Coordinator Roxana Troche said, "The plans are to have 60 square planters and 3 long ones on Smith Street from Convery Boulevard to High Street."

During the meeting, the subject came up as to why hanging planters were not considered. Rosengarten said, "It would be too costly because it would involve a vehicle, a water tank and a pump. We did not create a fund for hanging plants."

Councilman Kenneth Gonzalez asked Frank Dann if he agreed with Barry Rosengarten's assessments. Dann said, "I will have to do further stud-

ies."

Gonzalez said, "With the presentation of the maintenance and program presented by the BID, I am confident for voting for this program."

Councilman Fernando Irizarry said, "I have faith that the residents will not vandalize or litter the planters."

Resident Linda Cruz spoke after the BID made their presentation. She congratulated Barry Rosengarten and the BID for the great job they were doing to beautify the City. She also hoped that the new utility does the job as well the old Port Authority did.

Cruz said that the main reason she was here was to talk about the new garbage cans. She spoke about how they adversely affected her neighborhood. "The new garbage cans are not working for me. We are going to beautify the City, but the new blue and green garbage cans are despicable. Do what's good for the City and not Public Works. I have called Public Works about problems with the new cans. It is especially hard for the elderly to manage. On Gordon, Market and Water Streets there is nowhere to put the cans. They are very cumbersome and hard to store. Some people just leave them on the sidewalks or on the streets. To see all these garbage cans on the streets, it looks horrible. It may be good for some neighborhoods, but not mine."

## Middlesex Water Company Begins \$4.0 Million Water Main Upgrade and Replacement Project

News Release April 12, 2013  
SOUTH AMBOY - Middlesex Water Company (NASDAQ:MSEX) has announced that a \$4.0 million project to clean and line water mains and replace valves, fire hydrants and water service lines has begun in South Amboy, NJ as part of its annual RENEW program. The Company also plans to upsize some smaller mains, as needed, to increase pressure and flows in the area.

The Company plans to clean and line a total of 11,500 linear feet of 6-inch and 8-inch water main. The project also includes replacing approximately 9,000 linear feet of 4-inch water main with a new 8-inch water main. Middlesex Water upgraded a portion of the City of South Amboy in 2011 and this work is a continuation of a planned upgrade to the City's water distribution system. The area selected for this investment includes water mains in the area roughly bounded by Augusta Street, Pupek Road, North Feltus and Lower Main Street in South Amboy. Work has already begun on the replacement of the 4-inch main. The overall project is expected to be completed by the fall. Individual streets in the project area are expected to be affected for a period of 2-3 months.

"Aging water and wastewater infrastructure is an issue across the country with the U.S. Environmental Protection Agency placing the cost of repairing, replacing and upgrading the nation's water and wastewater infrastructure at more than \$600 billion over the next 20 years. Middlesex Water is doing its part locally to maintain service reliability by annually upgrading portions of its 730-mile system," said Richard M. Risoldi, Mid-

dlesex Water Chief Operating Officer. "We plan to replace some 475 water service lines along with 31 hydrant assemblies in our 2013 RENEW effort. This translates into less lost water through leaks for our system, and enhanced water quality and pressures for our customers," added Risoldi. According to Risoldi, maintaining water infrastructure is very capital intensive. Rehabilitation such as the cleaning and lining of mains, rather than more costly replacement, is often the most viable solution helping to restore the original useful life of older pipe while maintaining operating costs. Middlesex Water accesses state revolving funds offered through the New Jersey Environmental Infrastructure Trust to help fund the project.

In the RENEW Program, to ensure uninterrupted water service to customers, Middlesex Water crews erect and install a temporary above-ground water service including hydrants and service connections while the water mains underground are being cleaned and lined. The cleaning process removes harmless mineral deposits that have accumulated in older sections of cast iron pipe. After the pipe is cleaned, a new cement lining is installed. The program may require that water personnel enter customers' homes. Customers are strongly reminded to ask for credentials from utility personnel prior to allowing them entry and, for added security, should contact Middlesex Water Company at (732) 634-1500 to verify the authenticity of the utility representative at their door. Customers directly affected by the RENEW Program will receive notice from the Company's contractor.

# LOCAL PERSPECTIVE

## EDITORIAL

### It's Insulting

At a recent Perth Amboy Council Meeting, early voting was a hot topic. Speakers came up to the podium to voice their opinions on the subject and what some said was rather disturbing to me.

The speaker that said that denying early voting would prevent minorities from this right. Minorities or immigrants need to have the intricacies of voting explained to them.

Personally I am tired of some people treating minorities as if they are children and need to be force fed information or sometimes tests have to be dumbed down for in order minorities to pass them.

In this age of computers, it is very easy for people to prepare for tests, especially when the tests can be downloaded in their native tongue. I hear that even the driving tests are given in 10 languages plus in audio.

Remember that minorities and immigrants had it much harder in the past. There was not the luxury of having an election ballot printed in more than one language and sometimes they had to have police protection at the polls.

Here's a thought. There is approximately 22,000 registered voters in Perth Amboy. When the elections School Board elections were held in May not many people voted, perhaps about 2% so are you telling me this was because we didn't have early voting? I would call it perhaps plain voter apathy! You could have given them 8 months in advance to vote and they would have chosen to sit it out instead of dance!

As far as asking for ID's, I never had a problem with that. If you need help getting an ID, call on your local political party. I'm sure they will be glad to help. I have a suggestion for all political parties. Why don't you have a campaign year round urging young people to register to vote as soon as they are eligible, not only when it is election time.

I never had a drivers license

(to operate a motor vehicle) but I made sure to get a non-drivers ID from the DMV for identification purposes only.

How many times have you been asked to produce an ID just for ordinary purchases. Go into any store that sells cigarettes and you will see a sign that says, "Must show ID to purchase cigarettes if you are age 40 or younger."

I think most places recognize the ages between 18+ as an adult depending on the state.

Think about when you were younger or even today if you go to a club. Some of them state you have to be above a certain age to enter the club. You have to produce an ID to get in. I'm sure not many people have a problem with that.

If you go into a casino there are guards right there. If you look too young you better have identification. If you take a bus trip to a casino, a package is offered. If this is your first time, in order for you to receive that package, you must show an ID. If you don't have the proper ID, you will be denied that package.

So it is ironic that a person finds it racist when you ask to produce an ID to vote. But in other circumstances it is quite okay.

Identification theft is very prevalent and even the government computers have been hacked. How many times have you heard where even bank accounts have been compromised by hackers?

Having an ID is a very good thing. They even caution people who are runners, especially if they are by themselves to have some sort of ID on them. So those who say ID's should not be asked when people vote. I have one question for them: What would you do if you went to vote and found someone has voted under your name? I think the first thing out of your mouth would be: Why didn't you ask them for ID?

Now my curiosity is getting

the best of me. I say bring on the Early Voting. Let's see how many people truly take advantage of it. As far as the ID issue goes, do what ever you have to do to get one and don't be upset if they ask you to produce it when you go to vote. I always bring mine with me.

If you truly want to vote, you'll do whatever it takes to register. That is what your political party is for. Use them. Just remember, dead people have been known to vote. Your thoughts on this are welcome and they will be published. Suggested reading: A book called, "The Pact."

## THE COMMUNITY VOICE

### A New

### World Order

Well, who is the Perth Amboy Mayor? How about who controls the Mayor? That's what I'd like to know. And this so-called Democratic and Republican political circus that control the politicians by telling them what to do as Mayor or Council members? Do you like to know who controls the politicians. Who else? The people with the money. The so-called pay to play with their political contributions in the millions. It comes every four years. In fact, it's the one big show they have. At their meeting they pick who will be Mayor, then the person running for Mayor picks the council members. It's called play ball. Then there is deals being made behind closed door with the people holding the cash bag.

But wait! Here's the best one! I want to see when this New World Order comes into

the picture with this Agenda # 21. This Agenda # 21 will change everything for those political clowns and the circus will be over for them because the United Nations will be running the show. And the political parties will have to play ball and why? There's lots of MONEY to give the town because of the big developers that will grab everything. Now does a secret society play a role in this? You guess. And who are the big developers? These are the people from around the world who want to start a private city and control everything in their way and they will have a private police force. Let's put it this way no Mayor nor Council members - just a one rule society. Now will it be good? and what's the real reason? So Mayor Wilda Diaz is Perth Amboy up for sale? China wants to know.

### Another Dangerous Street

PERTH AMBOY - A resident of Bruck Avenue who is also a father of three small children appear before the Council at the 4/10/13 meeting. He was concerned about the constant problems of cars speeding on his street and was looking at a possible solution. He asked the Council if perhaps the Zoning Board can put speed bumps on the street.

He proceeded to say that cars have flipped over on his property and the neighbors and parked cars have also been struck. Many times the drivers of these speeding cars have fled because they have no insurance or licenses.

Councilman Bill Petrick said, that he is in favor of some kind of speed bumps although there would be a cost involved.

Business Administrator Greg Fehrenbach asked the resident to see him after the meeting to get additional information. The resident also handed the Council pictures he had taken of vehicles that had caused damage to his property.

One of the Amboy Guardian photographers visited

298 Bruck Ave.

\*Photos by Joe Bayona

the resident's home at 298 Bruck Ave. on Sunday, April 14 and took the following pictures showing some of the damage caused by a speeding vehicle.

The resident said he would

be forwarding more photos showing actual overturned vehicles on his property by drivers who lost control of their vehicles by exceeding the speed limit.

**FEMA  
Implements  
FEMA For  
Kids Program**

News Release 3/10/13  
TRENTON - The Federal Emergency Management Agency has implemented its FEMA for Kids program for pre-to-middle school children in New Jersey.

FEMA for Kids is an interactive, educational program that advocates disaster preparedness to children ages 4-11, in areas that have been affected by a disaster.

In schools and other community-based programs, FEMA teaches children how to prepare for and respond to disasters. Children learn how to create family emergency plans, assemble disaster supply kits and care for their pets in the event of an emergency. The program is presented in an engaging and fun environment.

The program helps children understand their recent experiences by discussing words they might hear after a disaster, such as "emergency," "shelter" and "evacuation."

FEMA for Kids also provides the children an opportunity to express their feelings and concerns about Hurricane Sandy by creating art.

FEMA Disaster Survivor Assistance Specialists and FEMA Corps members are scheduled to present this program at more than 20 New Jersey schools and community-based programs this April.

PERTH AMBOY - Eddie Cardona has been a resident of Perth Amboy for over 40 years. For 20 years he has been in the drain cleaning business. He started out working for a bigger company and then one day this light came on. He decided to go into business for himself. 20 years later, you have Dependable Sewer Service. Eddie's business picked up after Super Storm Sandy because many residents were left with sewer/drain issues.

The growing demand for his business now has him thinking of expanding of his self-owned run company. He's hoping in the next five years to add more trucks and train a staff of qual-

ity employee's to do jobs to a Dependable standard.

A standard that he holds high saying "I like to get a job done right. Most big companies come in a do a job, but leave you with a mess. I get it done and make sure things are put back and are neat when the job is finished."

When asked about the difficulty of the jobs Eddie replied, "The drain cleaning business is difficult period. It's a very competitive field with bigger name companies." And when asked what separated him from the rest, Eddie replied, "I go in and get right to the source, that's what other companies won't do."

Eddie guarantees top shelf

service. His work is guaranteed up to three months after service is completed (two months longer the his competitors). In addition, there is no charge if the job is not done right. "It's a bad reflection on me, hence the name, Dependable Sewer Service!"

Eddie is available 24 hours a day 7 days a week and services all of Middlesex County. His services include tubs-sinks-toilets-drains-basin-and-sewers. He treats both residential and commercial properties.

Contact numbers for service are: Woodbridge 732-738-7110, Perth Amboy 732-442-1836, Old bridge 732-583-0591, Edison 732-248-0433.

## Vari Pitches Baker Boys To Two Wins

Frank Vari, mound ace of the Baker Boys nine, successfully performed the iron man stunt yesterday afternoon at Washington Park where he pitched his mates to a 7-6 triumph over the local Orioles A. A. in the opener and then chopped down the Bulldogs A. A., 18-9, in the seven-inning afterpiece. As a result, the Baker Boys boosted their current win streak to six games.

Vari was in plenty of trouble in both contests, and his mates were forced to extend themselves at the plate to insure victory.

In the first game, for instance, Vari was nicked for three runs by the Orioles in the opening stanza. Though the Bakers came back to tie the score in the third, the Orioles regained the lead in the fifth. The Bakers, thanks to the hitting of Sokol, tied the score in the fifth, but the Orioles again took the lead in the seventh.

The Orioles almost clinched the decision by scoring another marker in the eighth to lead by two runs, but again the Baker Boys put on their hitting togs and snatched the victory palm with a three-run rally in the bottom half of the eighth. Kaschaks double in the eighth proved the undoing of Anderson, Orioles moundsman. The blow to center field scored two runners, and Kaschak scored a moment later on Evans' single to left field.

At that, the Orioles outhit the winners, 9-7, but were unable to bunch their hits effectively. Telliho started on the hill for the Orioles, but gave way to Anderson in the fourth. Vari, though he was hit hard, managed to strike out eleven of the opposition.

The second game ran along the same lines as the opener, for the Bulldogs almost hammered Vari into submission with four-run attacks in the first and second frames.

Fortunately, the Baker Boys picked up six runs in the first and second innings to keep Vari in the struggle. In addition, they scored at least one run in each inning and climaxed the struggle with eight runs in the sixth inning.

Deverin, with a pair of triples, a double and single, and Sokol, with four singles, starred at bat for the winners. Ballek and Muir each had three safeties.

Marker went the route for the losers, though he was touched for 22 hits, seven of which went for extra bases.
