The Night of Discontent A House Divided Again - Board of Education Meeting

PERTH AMBOY - The public portion of the 4/10/14 Board of Education Meeting started off on a sour note. Parent Mel Knight questioned two agenda items having to do with the following job descriptions under New Business:

Abolishing the following two existing positions: 1.) Supervisor of Educational Technology; 2.) HR Manager.

To create two new job descriptions: 1.) Chief Technology Officer K-12; 2.) Director of Personnel and Evaluation. (See excerpts of statement on p.6. Complete statement is on

www.amboyguardian.com)

Knight made reference to the current Human Resources Manager, Bernice Marshall. She said that Marshall is taking courses that will give her the credentials needed to qualify for the new job description. (Director of Personnel and Evaluation) Her tuition is already being paid for by the school system. "Mrs. Marshall has been very instrumental in putting into place practices and procedures that has us now as a district in compliance with state regulations. Is it because she is not Spanish?

If you want a higher standard for this position - that's great! However, why not give this woman an opportunity to rise to the occasion. The community is watching, especially the NAACP. We know that you already have someone in mind for the new Director of Personnel and Evaluation. Why go through the ferocity of the posting and interviewing for this position?"

After Knight spoke, Bernice Marshall (Current Resources Manager) came up to the podium to express her anger as to how she was told her job will

be eliminated.

Marshall read from a prepared statement. She questioned why the Human Resources Manager has to have a Principal’s Certification. “When this is not a legal requirement.” She mentioned degrees that she earned in human resources and education. These degrees include Instructional and School Business Administrator Continuing Education Credits (CE’s). “My responsibilities exceeded my job descriptions. I was given some of the job responsibilities of the Assistant Superintendent. I met all State Mandates and deadlines for teacher evaluations which included the implementation of Teachscape. This resulted in 100% completion of all teacher evaluations in the last school year. I left a good job in another district to come to Perth Amboy. I know that I am more than qualified and prepared to run the Department of HR. The Interim Superintendent emailed me about the elimination of Human Resources Title instead of notifying me face to face. I would like to thank the employees and administrators of Perth Amboy for making my employment although short lived a rewarding and fulfilling experience.” (See full Statement on p.6.)

Board Member William Ortiz commented on the elimination of the Human Resources Manager position. Ortiz looked at his cell phone (as he often does during Board Meetings) to read prepared statements.

Bernice Marshall
Human Resources Manager

He started rattling of questions directed at Acting Superintendent Dr. Vivian Rodriguez, barely giving her a chance to answer. He wanted to know if the current Human Resources Manager (Marshall) had the qualifications of the new job title in question. Rodriguez answered, “Yes.”

“Mrs. Marshall is working on getting an administrative certificate which is above what is required,” Ortiz said.

Still looking at his phone, Ortiz rattled off the number of current administrators that are not in compliance including the current Superintendent Dr. Rodriguez. He said, “I looked at the Human Resources description of other towns in New Jersey and they do not have the same qualifications that the new title of Director of Personnel and Evaluation has.”

Board Member Maria Garcia sided with Ortiz and the others who defended Mrs. Marshall and her credentials. Garcia stated, “We are getting rid of a person (Marshall) who we were paying tuition for to get

accreditation for this new job title. This is ridiculous. Be happy she’s going to school to get these skills. We are wasting taxpayers money. Evaluations were not done for many years. We should change the job description to fit the person we have now who is taking additional courses.”

Dr. Rodriguez answered, “These new job descriptions are in keeping with the Best Practices Achievements in New Jersey. The Race to the Top Funds are also factored into this. This position can be someone in or not in this district.” (For more info go to www.njea.org and <http://www.state.nj.us/education>)

Board President Obi Gonzalez said, “The revisions are being made because there is a greater responsibility due to the needs of the district.”

There was a motion to table these agenda items pertaining to the job descriptions that were to be abolished or added. For tabling item No. 1 - Abolishing the Supervisor of

rived at MCC they were met with smiles and appreciation from their counterparts. James Monroe Elementary School Principal Lynda Zapotichny was also received a gift box.

The next person to speak at the 4/10/14 Board Meeting was ROTC Captain Karen Hard. Hard was proud of the fact that the First Year Cadets were recognized and awarded trophies at competitions they appeared in.

Board Member Ken Puccio said, “The ROTC has been a “Gem” in our community for more than 20 years. Captain Gunney Ramirez is the heart and soul of the ROTC and he has changed a lot of lives. Most of the ROTC students have distinguished themselves in their careers.”

Board Member Maria Garcia said, “My two daughters and my son were ROTC Members. They developed survival

skills and discipline through this organization. I’ve gone on camping trips with them and did cooking on those trips.”

Board Member Anthony Bermudez said, “The military is a great option and I’m talking through experience. More people should get involved through with the ROTC. I’m trying to get more funding for this organization.”

This prompted Board Member Garcia to invite Bermudez to go camping with her the next time the ROTC has a trip.

The third bright spot of the BOE Meeting was the appointment of R.L. Anderson to become the permanent Principal of the Wilentz School.

The Staff from the Wilentz School was in full force. They stood up and cheered wearing T-shirts and waving signs showing their love and support for Anderson.

When it came time for the Board to vote, the Members were polled separately. All

enthusiastically voted, “Yes,” except for Dianne Roman who had to abstain. Even though Roman abstained, but extended her best wishes to Anderson and was glad that he was given the position.

Anderson thanked the Board, his staff, students and community leaders. He looked upward and said, “I’m pretty sure Roland (Jenkins) had a hand in this.”

Earlier Mary Griffin of the Wilentz School told the Board, “Mrs. Mascenik helped merge two neighborhoods together to have one school. To this very day we sorely miss Mr. Jenkins but Mr. Anderson has brought joy and laughter back to the school.”

Puccio said, “This is a snapshot of what a true Administrator is like. Anderson grew up in that neighborhood where the Wilentz School is and the whole School is here to show their support.”

What a Wonderful World

It is well known that on March 23, 2014, a devastating fire destroyed the James Monroe Elementary School in Edison. Unfortunately over 300 students were displaced.

Middlesex County College had empty buildings that were utilized to place students to continue their studies. These classrooms were refurbished through the teamwork of teachers and others who worked in the school.

Several school districts from other towns donated supplies to those students including Perth Amboy.

At the April 10 School Board Meeting, there was a slide show presentation. It showcased the elementary schools preparing shoeboxes with supplies to present to the James Monroe Elementary School Students.

The schools that participated were: Ceres, Flynn, Patten, Richardson and Wilentz. Some of the Students and Administrators were recognized at that meeting.

During the slideshow/video you could see the appreciation of the students and adults who gave and received these gifts. The shoeboxes were not only given out to the students, but to the James Monroe Principal Lynda Zapoticzny.

Principal Zapoticzny had tears in her eyes when presented with a gift from Edward J. Patten School Principal Dr. Dulce Rodriguez and they embraced.

It is a testament to the community, school administrators, parents, students and the Edison officials that they acted so quickly to put a plan in place. The students lost very little school time.

Communities always come together when necessary to help each other out.

This video presentation was shown toward the beginning of the School Board Meeting. It was sorely needed. It brought smiles and sunshine. Too bad the Board Meeting did not end the same way.

Venezuela Civil Unrest

Someone asked me what’s is going on in Venezuela? That country is ready to collapse big time. There are many demonstrations and riots and many people in jail for protesting the Government. I wonder who

started this civil unrest? Is Russia looking at this? Or is the United States just standing by? Say you know something - Venezuela has oil and lot’s of it . What country would like to have all that oil? Maybe those insiders want that country to fall apart than pay a bunch of people to control the Govern-

ment. Yea that’s it! Have a food shortage then start a civil war. Then when the smoke clears and the dead are buried they will take it over. Like they say “Control the oil and you control a nation’s food and the people.”

Campaign Financing Limits

The recent Supreme Court ruling on campaign financing reminds me of a George Orwell novel: “everyone is equal but some are more equal”. It seems proper to limit political donations by felons, foreigners, and corporations as they are not allowed to vote. Should there be any restrictions on campaign donations by a voter? Yes, just as there are restrictions on multiple voting or unequal representa-

tion, there should be a limit on the amount of money donated by one voter. In 1919 the Supreme Court exempted professional baseball from the Anti-Trust Laws, saying it was a “sport” and not a business! Was that a wise and just decision?

The Federal Constitution gave Supreme Court judges a lifetime appointment. Only monarchs and aristocrats serve for life, officials in a republic serve for a fixed term. Other Federal judges have to retire at age seventy. A Constitutional Amendment should require Supreme Court judges to retire at age seventy and have a

single term of sixteen years.

Another reform would expand the number of Supreme Court judges to fifteen. Originally there were six judges for the thirteen states. This was increased to seven when Jefferson was President, then to nine when Jackson was President of 24 states. Limiting each President to one Supreme Court appointment after election would prevent “court packing”.

The people voted to elect US Senators by popular vote with the XVII Amendment. Isn’t it time to reform the Supreme Court?

CCCS: One Educator’s Opinion

I will like to address the April 9th editorial from The Amboy Guardian. The main point of the article is that there is a widespread opposition from education advocates and stakeholders to the Core Curriculum Standardized Testing. The strongest opposition comes from those who believe that Standardized Testing is not an accurate measure for educational achievement, therefore, it is not fair to evaluate teachers or schools based on student’s performance on a national standardized test.

While there are political and monetary incentives to join a nationwide effort to somehow standardize the efforts in all states, I cannot imagine that all the educational, political, and business leaders of 46 states that are participating in CCST are spending years on this venture for their own benefit. We need to take into consideration that almost 50% of most states budgets is spent on education, and given the

downsizing of the economy there is a corresponding pressure on establishing priorities and accountability. Also, there are concerns that U.S. students under-perform their counterparts in the developed world, which usually have a nationwide agenda for education.

I am not defending the CCST or its designers; however, we can all agree that dropout rates are increasing, while education is getting more complicated since the knowledge economy supplanted the industrial age. The problem here lies on the misconception that the teacher is the main actor in the classroom. Knowledge based education in the information age is essentially skills-based and not so much content-based. The mismatch comes from trying to evaluate a 21st century school using 20th century learning methodology.

I find it hard to believe that NJ has joined CCST standards in 2010 while still promoting a 20th century teacher-centered education. Some schools in Colorado, Hawaii, and Massachusetts, to name just a few, have established student-centered education since the

late 1990’s. Harvard Graduate School of Education and MIT have announced that by 2023, most of their learning environments will be blended, which combine the benefits of traditional and online learning.

Everybody agrees that in these difficult financial circumstances that we are all facing, an effective education is one of the main components of the solutions. The problem here is why the decisions that education leaders make are not supported by teachers, principals, parents, and especially students. I guarantee you all that if opposition to CCST was instead focused towards student-centered learning, common sense would prevail. Once we help students become active learners and critical thinkers rather than passive dependents on teacher performance, they can take charge of their own learning and teachers will be able to guide instruction, differentiate learning, and help develop material that can address those Common Core Standards more effectively.

Educational Technology and HR Manager. The Motion to Table did not pass therefore there was a vote to abolish the job titles: Voting “Yes” were members Tejada, Lebreault, Varela, Gonzalez. Voting “No” were Roman, Ortiz, Garcia. “Abstention” - Puccio and Bermudez. Motion to Abolish job descriptions does not pass.

Motion to table Item No. 2 - Add New Job Descriptions - Chief Technology Officer K-12 and Director of Personnel and Evaluation. The motion to table did not pass. Therefore there was a vote. Motion to approve the above job descriptions: “Yes” - Tejada, Puccio, Lebreault, Bermudez, Varela, Gonzalez; “No” - Roman, Ortiz, Garcia. Motion passed to establish new job descriptions.

Student Stephanie Rodriguez came up to speak and pulled no punches. She was pleased to report that she is now ranked #10 in her class at the main campus. She thanked her family, friends, teachers who pushed her and she wanted to thank the Board Members, including past member, Anton Massopust.

She mentioned three Board Members who never approached her which included Roman and Garcia. She referenced an instance where Board Member Ortiz used her to further his own agenda at a public gathering. She said, “Do not use my name for your own cause. Looking at the Board as a whole, Rodriguez commented, “You are not respecting yourselves and you’re throwing each other under the bus. How can we look up to you

when you are displaying this behavior tonight?”

Stephanie wore her pajamas and slippers to the meeting to make a point. “Remember the time you spend in executive session. The meetings are held on a Thursday and usually there is school the next day. If students are here, they have to get up early to get to school. Others sitting here including yourselves may have to get up early as well. You should think about this the next time.”

Resident Stanley Sierakowski said, “I don’t think that anyone’s rights are being violated. A Board Member kept interrupting the Superintendent before she could finish answering questions posed to her. It’s the Superintendent’s right if they want to change personnel titles.”

Resident Sharon Hubberman wanted to know, “What was the salary of the Human Resources Manager?”

Board Secretary Jess said, “About \$111,000.”

Hubberman said, “We need a flow chart when eliminating, adding or changing job descriptions. There is too much antagonizing going back and forth at the meetings.”

During the discussion of the agenda items, Board Member William Ortiz motioned to fellow Member Israel Varela about an incident at the Richardson School. Ortiz brought up the fact that ethics charges against Varela are still pending from when the former Superintendent (Caffrey) was there.

A woman from the audience came up to the mic and said, “I was confronted by Varela during a PTO event held at the Richardson School. I was

passing around a petition to see if people wanted to sign it to make Karen Moffatt the Principal of the school. I was approached by Varela who asked what I was doing and then he proceeded to tell me that what I was doing was illegal and if I knew who he was. I have filed charges against him for this behavior.”

Board Member Israel Varela did not respond to the comments made by the woman who spoke against him, nor to fellow Board Member William Ortiz’ statement.

Another speaker came forward who is a member of the PTO and has children in the Richardson School. He talked about the same incident. He wanted a clarification if having a petition signed during a PTO event was legal. “This way we will know in the future.”

The Board Attorney said that she would get back to him with an answer.

Things got out of hand when the Board discussed the elimination of the HR Title. Board President Obi Gonzalez said, “Comments are going on too long and we have to move on.”

Board Member William Ortiz remarked, “We can comment as long as we want. When we are done speaking on an item, then we will move on.”

This prompted someone from the audience to shout out, “You are losing control of this meeting,” speaking to Obi Gonzalez.

Board Secretary Derek Jess pleaded with the audience to calm them down, “Please respect us, especially when we are trying to do a vote count. I don’t often have to ask for this courtesy.”

Statement By Bernice Marshall

I don’t know where to begin. I can’t begin to explain the disappointment and anguish of losing my job without a valid reason. There is not a legal requirement for the individual running Human Resources to have a principal’s certification. I currently have instructional and school business administrator CEs as well as my master’s in human resources and education. I will have my doctorate in education in less than a year along with my school administrator certification. The previous Director of Personnel was here for 11 years and never evaluated employees. Throughout the time I have been employed for the district of Perth Amboy I have gone above and beyond the scope of my position. My evaluations have been nothing less than exemplary. I have been more than diligent in ensuring that I complete all the duties and responsibilities delineated by my job description and countless additional responsibilities not expressed in my job description. I was even given some of the job responsibilities of the Assistant Superintendent. Under my pervue all state mandates and deadlines where met for teacher evaluation including the implementation of Teachscape. This resulted in 100% completion of all teacher evaluations last school year. This was completed without any assistance from the previous Superin-

tendent or the current Interim Superintendent. This was done all on my own. Having the Director of Personnel evaluate will not miraculously have the district fall into compliance with Achieve NJ. In fact there are a few individuals including the Interim Superintendent that has not made an earnest attempt at completing 1 observation thus far this school year. It angers me to know that I left a good job with another district to come to Perth Amboy to ultimately be treated so unfairly. I have been nothing less than loyal and dedicated to my job and the district, however the reward for my loyalty is to unjustly have my job abolished. I know that I am more than qualified and prepared to run the Department of Human Resources but it further angers me that the interim superintendent could not notify me face to face, I had to find out via email and by reading the board agenda. Before I go I would like to thank the employees and administrators of Perth Amboy for making my employment, although short lived, a rewarding and fulfilling experience. I would like the public to know that as the Board votes (no matter what the justification they are providing) they are not voting to approve a new job description because it is warranted. They are voting to rid the district of a dedicated and hardworking employee.

Excerpts From Statement By Mel Knight

Agenda Item: Question #2
In the QSAC District Improvement Plan (DIP) you declare:

Under Step 1: Indicators (DPR or SOA)
Step 2: Issue/Actions/Strategies/Intervention and Budget Resources

#4 – Ensure a Chief School Administrator, Superintendent, is identified and hired to lead the school district the 2014 – 2015 school year.

My question – What steps have you taken thus far to fulfill this declaration in the report you plan to submit on April 11, 2014?

Dr. Vivian Rodriguez is currently our “interim” or “acting” Superintendent. Normally when this type of situation occurs, whomever is in this role, ensures that all currently policies are carried out in the proper manner, not setting up new ones. When Mr. Derek Jess was in this position. He did not make any major policy

changes. He made sure that what was in place ran smoothly. Is it legal for her to make such changes and if so where is the documentation that purports such actions?

How can you adopt a job description without the document being a clean read? How would the public know what the final version of the document will look like if you adopt it tonight? Or are you planning to make more adjustments without the public knowing? Another point to be made is – WHY NOW? It is clear that we are in need of a Superintendent – but you are putting your efforts into redefining a job that is currently occupied with a person who is performing extremely well for the district? Why haven’t you given her the opportunity to acquire these credentials? I understand that she is well on her way to obtaining the “additional” credentials you

desire through the tuition reimbursement process that our district is paying for.

Are other administrator’s in the district completely certified in each and every area they as suppose to be according to their job descriptions? If not, are they being let go too? If this is now going to be the standard for ALL administrators you are probably going to give them time to acquire the necessary certifications. Shouldn’t that same courtesy be extended to our current HR Manager. Let me - let you in on something that you may not be aware of – it is known throughout the community that if you want to be employed in this district you have to be Latino/Latina. I personally didn’t want to believe that but by the action you plan to take here tonight – maybe, just maybe, the community knows what it is talking about.”

Novena to St. Rita

O holy protectress of those who art in greatest need, thou who shineth as a star of hope in the midst of darkness, blessed Saint Rita, bright mirror of God's grace, in patience and fortitude thou art a model of all the states in life. I unite my will with the will of God through the merits of my Savior Jesus Christ, and in particular through his patient wearing of the crown of thorns, which with tender devotion thou didst daily contemplate. Through the merits of the holy Virgin Mary and thine own graces and virtues, I ask thee to obtain my earnest petition, provided it be for the greater glory of God and my own sanctification. Guide and purify my intention, O holy protectress and advocate, so that I may obtain the pardon of all my sins and the grace to persevere daily, as thou didst in walking with courage, generosity, and fidelity down the path of life. *(Mention your request.)*
Saint Rita, advocate of the impossible, pray for us.
Saint Rita, advocate of the helpless, pray for us.
Recite the Our Father, Hail Mary, and Glory Be three times each.

Novena to St. Francis For Our Animal Friends

Heavenly Father, our human ties with our friends of other species is wonderful and special gift from You. We now ask You to grant our special animal companions your Fatherly care and healing power to take away any suffering they have. Give us, their human friends, new understanding of our responsibilities to these creatures of Yours. They have trust in us as we have in You; our souls and theirs are on this earth together to give one another friendship, affection, and caring. Take our heartfelt prayers and fill Your ill or suffering animals with healing Light and strength to overcome whatever weakness of body they have. *(Here mention the names of the animals needing prayer).* Your goodness is turned upon every living thing and Your grace flows to all Your creatures. From our souls to theirs goodness flows, touching each of us with the reflection of Your love. Grant to our special animal companions long and healthy lives. Give them good relationships with us, and if You see fit to take them from us, help us to understand that they are not gone from us, but only drawing closer to You. Grant our prayer through the intercession of good St. Francis of Assisi, who honored You through all Your creatures. Give him the power to watch over our animal friends until they are safely with You in eternity, where we someday hope to join them in giving You honor forever. Amen.

(You can make this a Novena for a sick pet, by praying this prayer for 9 consecutive days)
