Hazardous Conditions Discussed at Meeting

**Acting Police Chief
Larry Cattano**

**Eddie Perez
Dept. of Public Works**

**Bill Petrick
Councilman**

PERTH AMBOY - 9/21/15 Caucus Meeting - Code Enforcement Officer Jamie Rios sat with the Council to answer questions pertaining to conditions in the outside area of the Armory Restaurant.

"The fire pit is under violation due to underground gas lines. The Armory removed all aluminum tables and chairs from the outside. The owners are trying to get variances to enclose some of the outside areas."

Acting Chief Larry Cattano came forward to address another issue at the Armory, "There is a consumption of alcohol on the right-a-way and the property that belongs to the City. Off duty Police are there to make sure this doesn't hap-

pen. Signage has to be placed stating that alcohol is not to be consumed beyond this point."

Amboy Avenue was a sore point with Councilman Fernando Gonzalez. Gonzalez was concerned about road conditions on Amboy Avenue, specifically mentioning the address of 914. "Part of the road is caving in. When trucks pass there, houses shake."

Acting Police Chief Larry Cattano came forward and told the Council, "The Sewer Department and Public Works responded to this problem."

Eddie Perez from the Department of Public Works, made additional comments about this problem. Perez stated, "New Jersey Bell and Verizon own the manhole covers. I'm

on top of the situation. I was on the phone for 4 hours talking to Verizon about this problem (part of Amboy Avenue Road caving in). I will have to talk to the City Engineers about a possible solution in the meantime."

Councilman Bill Petrick commented about the caps on the bulkheads at the City Marina. Coating is missing and the connecting wells are not in working order. I would like to hear from Mainberger (Civil Engineer) about the situation." Robert C. Mainberger is PE, CME, Senior Vice President of Hatch Mott MacDonald. This firm has been doing a lot of the repair work on the City's Marina."

Senators Gill & Vitale Call on Horizon to Halt New Insurance Plans 30-Day Moratorium on Horizon OMNIA Plans Will Allow for Public Vetting

News Release 9/24/15

TRENTON – Senators Nia H. Gill and Joseph F. Vitale today sent a letter to Horizon BCBSNJ requesting a 30-day moratorium on the release of the newly-announced OMNIA Alliance insurance plans into the state's marketplace. The delay will allow for a public vetting of the plans at the joint hearing of the Senate Health and Commerce committees scheduled for Oct. 5.

The request by the senators,

sent in a letter to Robert A. Marino, Horizon Chairman, President and Chief Executive Officer, comes after increasing questions about the proposed insurance plans by consumers, health care providers and elected officials.

"The proposal to dramatically change the insurance plans offered by the largest insurer in New Jersey, and the manner in which it was announced, has caused a great deal of confusion and anxiety in consum-

ers and members of the health care community," wrote Senators Vitale and Gill. "Despite the release by Horizon of public relations documents related to the plan, far too many questions remain about how the alliance was developed, the impact the new plans will have on residents and hospitals around the state, and the hidden costs to health care consumers."

PERTH AMBOY - Statement from Perth Amboy Fire Department Chief Abraham Pitre: The Fire Department was dispatched to 775 Chamberlain Ave Apt 4 around 12:17 p.m. for a reported smoke condition called in by a home health aide who was checking on a client. Fire Chief Abraham Pitre arrived on location and the health aide advised him that there was smoke in the apartment and that the resident was still inside the apartment. When Chief Pitre opened the door to the apartment door he encountered heavy smoke and high heat conditions. Chief Pitre attempted to make an entry to locate the resident but encountered fire after entering several feet. Shortly thereafter other fire units arrived on location Chief Pitre grabbed a fire extinguisher as the firefighters got their equipment; Chief Pitre entered the apartment once more and extinguished most of the fire. Crews then entered and removed the 70 year old victim who was located in bed and suffered severe burns. The resident was treated by EMS from Raritan Bay Medical Center and was transported to St. Barnabas Burn Center by helicopter with burns over 50% of her body. The origin of the fire was determined to be on the seat of her motorized wheelchair but the ignition is still undetermined.

A moratorium on the proposal will allow consumers to hear from Horizon on the overhaul of the insurance plans and to get a clearer understanding of their options. The extra time will also provide health care providers with information on the criteria used to select hospitals and about the future plans for the alliance.”

Common Sense: Yogi-isms

In the past few weeks, we have tackled some tough subject matters. This week we decided to pay homage to the late Lawrence Peter “Yogi” Berra. He was known as one of the greatest baseball players of all time.

Some of the following information was obtained in: Wikipedia, Esquire, Magazine and The Yogi Book.

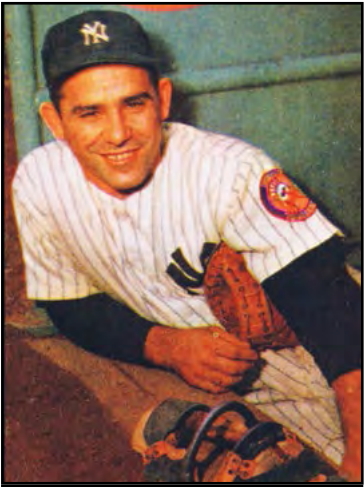

Yogi Berra had played his most of his career with the NY Yankees (and a brief stint as a player/coach on the NY Mets) then as a Coach and Manager for the Mets then as a Coach and Manager for the Yankees. He wore No. 8 after Yankee Player Bill Dickey. He was first called Yogi by his friend Jack Maguire, who said he resembled a Hindu yogi whenever he sat around with arms and legs crossed waiting to bat or while looking sad after a losing game. Yogi even has a famous cartoon character indirectly named after him (Yogi Bear).

Besides his baseball accomplishments, Yogi Berra served in WWII in the US Navy as a gunner’s mate and helped invade Omaha Beach against German defenses. He also helped invade Utah Beach on D-Day.

An online petition that was started by Businessman Steve Forbes to have Yogi awarded the highest Civilian Award: the Presidential Medal of Freedom. The deadline for the need of 100,000 signatures was in early June. This was achieved and the petition was forwarded to the White House. As of this date there is no response.

But we want to talk about Yogi Berra the philosopher. Yogi was famous for his wit and famous sayings. A list of his “yogi-isms” can be found in the book, “The Yogi Book: I Really Didn’t Say Everything I Said,” by Yogi Berra. In the book, Yogi explains where his famous sayings originated from.

A few are: “I wish I had an answer to that, because I’m

Yogi Berra

tired of answering that question.” Here Yogi explains that the Yankees weren’t doing very well and day after day being drilled by reporters, Yogi answered finally answered them with a yogi-ism. How many times do people ask the same questions over and over again hoping to get a different answer.

“You can observe a lot by watching.” Yogi explains that he was yelling at the 1964 Yankees (the players weren’t watching the game). Observation is an excellent skill and necessary in almost any area you are working in.

“You’ve got to be careful if you don’t know where you’re going ‘cause you might not get there.” Yogi explains that this meant, “If you don’t set goals, you can’t regret not reaching them.” Very true.

“The future ain’t what it used to be.” Yogi explains that times are different – not necessarily better or worse. Or as Billy Joel states “The good times weren’t always good and now isn’t as bad as it seems.”

“90% of the Game is half mental.” Yogi explains this as a coaching strategy. So true. So many things are best just done following your best instincts and best not to spend ten years analyzing what to do.

“It’s deja vu all over again!” Yogi explains that Mickey Mantle and Roger Maris hit back-to-back homeruns for the umpteenth time. “Makes per-

THE COMMUNITY VOICE

Thanks
Carolyn &
Staff

Thank you Carolyn for giving us Citizens in Perth Amboy all the details of the senseless death of the late Phil Willis. It was such a tragic end to a nice guy. Why couldn’t someone try to help him? Where were the police? They usually patrol Smith Street. Thank God the other victims are saved. Why didn’t they call the police from the start? Phil would have

still been here. It’s sooo sad. Thanks for clearing up some of the rumors. But the evil killer appeared to seek out Phil like he had it in for him. Maybe “Joanne” can shed some light or unanswered questions. It’s alarming for all don’t try to settle any heated disputes. Call the police pronto. So much crime in this town. We may have to bring back foot patrol.

Again thank you staff for keeping us citizens informed of what’s taking place in our town. We all have to be aware of everything in today’s world.

Condolences to the late Phil’s family. May God comfort them in time of sorrow and know that Phil is at peace now in God’s care.

Yes Carolyn, the Middlesex County Sherriff Officer on Smith and Citizens who knocked this killer to the ground bringing him to justice should be given a medal. They saved other citizens from injury or death.

Thanks for your excellent reporting and concern for us all.

Making Perth
Amboy Great and
Farewell to the
Summer of 2015

As the summer season of 2015 evaporates into the annals of history I would first like to acknowledge the city as a whole for providing a very safe, pleasant, and fulfilling summer season. As a resident as well as business owner on Front Street the allure of the picturesque landscaping that has been pleasantly captured with magnificent potted and planted flower arrangements were breathtaking in imagery all season long. It’s extremely amazing and compelling when individuals with synergistic appreciation mesh together for

like minded passions to make things happen for the city, its own community, and for the visitors that come out to enjoy the beautiful waterfront and what it has to offer.

In addition to thanking our city’s hierarchy for maintaining decorum in forms of safety and cleanliness along the waterfront I would be remiss if I did not acknowledge certain individuals who unequivocally gave of themselves for the betterment of the waterfront community Councilwoman Lisa Nanton and the Public Works Department who relocated the enormous planters to the waterfront City workers Frank and Alex who persevered in keeping the areas spotless and the plantings fully hydrated ... The Royal Garden Club by the Bay and especially

city resident Rose Almasi who enthusiastically and tirelessly gave of herself to nurture all the plantings on a daily basis. The curb appeal of her efforts not only provided for some of the best “eye candy” all summer long as well as being instrumental in the restoration of certain wildlife along the breadth of the waterfront.

It’s mind blowing what can be accomplished when individuals resonate together for the advancement of the city where large numbers of us live, work, and play. I often wonder what titanic things our city can attain if we all worked passionately together. If that were to occur, **Perth Amboy Can and Would Be Great!**

MAYOR WILDA DIAZ & POLICE CHIEF RUIZ - RESIGN FOR THE BETTERMENT OF THE CITIZENS OF PERTH AMBOY.

Perth Amboy Police Chief Ruiz has lost his appeal to dismiss his indictment and his case involving theft charges will move forward in the Middlesex County Superior Court. The Federal Court case naming both Mayor Wilda Diaz and Police Chief Benjamin Ruiz for alleged allegations of corruption is also moving forward. The Federal lawsuit that alleges allegations of Conspiracy, Destruction of Evidence, Evidence Tampering, Falsifying Police Reports, Dereliction of Duty, Obstruction of Justice, New Jersey State and Federal Rights Violations as well as numerous other allegations. It was also recently mentioned at a council meeting about an investigation being conducted looking into potential current voter fraud.

ARE THE MAYOR, POLICE CHIEF AND THEIR ALLIES CREATING INTENTIONALLY STAGED DIVERSIONS TO KEEP THE NEWSPAPER PRESS AND THE PUBLIC IN THE DARK CONCERNING THE TRUE CORRUPTION??? PERTH AMBOY’S TOP CITY OFFICIALS FACE AN INDICTMENT AND ALLEGATIONS IN FEDERAL COURT.

Did Mayor Diaz, Police Chief Ruiz and many of their close allies intentionally stage public diversions to shield the Mayor and Chief from front-page news stories concerning the Police Chief Benjamin Ruiz’s theft indictment along with Mayor Wilda Diaz’s corruption and allegations in Federal Court along with a mention on public TV of an investigation looking into voter fraud? Police Chief Ruiz is currently facing 5-10 years in prison.

Recently a new acting law director was appointed in Perth Amboy. Mayor Diaz was

legally within her rights and powers when she appointed a new City Law Director of her own choice. This is clearly not a news worthy story. So, did City Hall intentionally stage another diversion to steal newspaper headlines away from **“Theft and Corruption Allegations”** by moving the announcement of the appointment to an illegally held meeting that was not properly noticed to the public. This move a clear violation of the Open Public Meeting Act could have been used to divert the Theft and Corruption headlines yet once again. The Mayor, Police Chief and their allies appear to be going out of their way to keep the **Theft and Corruption allegations** from the Press and the Citizens of Perth Amboy. The indictment still stands. You can fool most of the people all of the time but you can’t fool certain individuals at ALL. The play and the actors are easy to see. Resign now and do the right thing.

“It the world were perfect, it wouldn’t be.” What is the definition of perfection in the world? Anyone know? Didn’t think so.

And here's one for all you political junkies, "It was hard to have a conversation with anyone, there were too many people talking." Yogi explained, "I was at the White House for dinner by invitation by President Ford. Those politicians were so noisy I couldn't hear a thing."

And the most famous Yogi-ism of all, "It ain't over 'til it's over!" This can be taken both ways. If you are winning or on the verge of completing any task: "Don't count your chickens before they're hatched," or if you are losing or having trouble doing something, "Never give up! No matter what the circumstances." You never know what could happen. This happens in baseball and in life over and over again.

RIP Yogi, you will be missed.

Spreading the Word on Disease, Education, and Community Health

PAHS Biology Teacher Rebecca Souza at the CDC

**Photo Submitted*

Press Release

PERTH AMBOY - People who are passionate about public health and disease transmission often dream of being asked to visit the Centers for Disease Control and Prevention (CDC) in Atlanta, Georgia. This past summer Rebecca Souza, a biology teacher at Perth Amboy High School, was fortunate enough to be invited spend a week at the CDC to work with science experts and with 31 other educators form across the nation to develop classroom material.

The CDC is the agency responsible for the protection and monitoring of health in the United States. As the nation's public health leader, they respond to a variety of health crises (like the Ebola outbreak earlier this year). Each summer, the CDC hosts a week-long professional development opportunity for select middle and high school math or science educators. The Science Ambassador Program focuses on building and utilizing public health-based lesson plans in the classroom. The purpose is to create students with a genuine interest in population and community health. Prepared students will be able to continue their education at the collegiate level and become the next generation of public

health workers in the U.S., and worldwide.

Program participants:

- Tour selected CDC facilities
- Learn from and interact with CDC scientists
- Participate in multiple sessions on selected topics led by public health professionals
- Work in teams to develop science lesson plans based on public health topics such as West Nile Virus, obesity, autism, smoking and teen dating violence
- Enhance their professional network of teachers and public health scientists
- Present ideas for lesson plans to peers and obtain feedback

The role of CDC Science Ambassador continues long after the week is over. Participants continue work with the CDC experts on the lesson developed at the conference. All lessons are evaluated by CDC education supervisors and the specialists in each specific area. Ambassadors can reapply and return as program alumni to Atlanta and work on case study design, which is used by the CDC to train all Epidemic Intelligence Agents (EIS) for two years previous to deployment. For more information, and to apply for next summer visit: <http://www.cdc.gov/scienceambassador/index.html>

Novena to St. Rita

O holy protectress of those who art in greatest need, thou who shineth as a star of hope in the midst of darkness, blessed Saint Rita, bright mirror of God's grace, in patience and fortitude thou art a model of all the states in life. I unite my will with the will of God through the merits of my Savior Jesus Christ, and in particular through his patient wearing of the crown of thorns, which with tender devotion thou didst daily contemplate. Through the merits of the holy Virgin Mary and thine own graces and virtues, I ask thee to obtain my earnest petition, provided it be for the greater glory of God and my own sanctification. Guide and purify my intention, O holy protectress and advocate, so that I may obtain the pardon of all my sins and the grace to persevere daily, as thou didst in walking with courage, generosity, and fidelity down the path of life. (*Mention your request.*) Saint Rita, advocate of the impossible, pray for us. Saint Rita, advocate of the helpless, pray for us.
Recite the Our Father, Hail Mary, and Glory Be three times each. K.M. & C.M.
