Pallone to Call for Immediate Funding to Combat Zika Crisis

Press Release 8/8/16

NEW BRUNSWICK — On Tuesday August 9 at 10:00 am, Congressman Frank Pallone, Jr. (NJ 06), the top Democrat on the House Energy and Commerce Committee, will call for immediate funding to address the growing Zika crisis at the Middlesex County Mosquito Extermination Commission in Edison, NJ. Pallone has criticized House Republicans for failing to provide the \$1.9 billion in funds requested by President

Obama to respond to the Zika threat and playing politics with an urgent public health issue. Last month, House Republicans began one of the longest recesses in American history rather than address the crisis.

Meanwhile, the Zika virus is spreading explosively through the Americas and New Jersey. Nearly 2,000 Americans have contracted Zika in the United States with 80 of those cases now in New Jersey. Recently, the first cases of Zika being transmitted in the continental

United States by mosquitos were reported in Florida. When Zika infects pregnant women, mother-to-child transmission can lead to miscarriage or certain birth defects, including microcephaly, in which a child is born with an abnormally small head and brain.

Pallone will also discuss how federal funds can help states and local government to better handle the Zika crisis.

First Responders the Topic of Discussion at South Amboy Business Meeting

By: Joseph L. Kuchie

SOUTH AMBOY - South Amboy's First Responders were included in a number of agenda items at last week's city business meeting.

The biggest discussion came on a last minute add to the agenda, which was the purchase of a new \$82,000 vehicle for the Office of Emergency Management. The purchase of this new truck is in addition to the purchase of a new Chevy Tahoe vehicle for the South Amboy Fire Department, both of which were in the capital budget plan for this year.

The O.E.M. truck purchase came at the recommendation of OEM Coordinator Mark Herdman. The truck has pulling capability, can store the city's emergency equipment, and will allow the city to be self-contained and not rely on the county to bring their OEM vehicles in case of emergency.

The new Chevy Tahoe also approved at the business meeting will serve as a Chief's vehicle for the Fire Department. Currently the city has four Chief vehicles, but one is no longer in service, one will be sold, and one will be scrapped due to mold and leaks.

The city will also be auctioning one of their surplus fire trucks on GovDeals, a liquidity service website that allows other buys to auction on different government items. The website

allows the city to set the minimum bid for the truck.

In addition to purchasing two vehicles, the city also reviewed three applications for membership to the Enterprise Snorkel Fire Department. No comments or pushback was given by the council.

It was also announced that the South Amboy Police Department will contract with the East Brunswick to allow their officers to train at their training facility. The current facility used by SAPD is currently in the footprint of the new ferry project and will be going away once construction begins.

City Chief Financial Officer Angel Albanese announced that the city will soon begin the process of updating their internal computer technology and software. This will include both hardware and software updates for emergency services over the next three years, which will improve workflow and allow the city to remove computers that date back to 2010.

Albanese reviewed most of the agenda items while Business Administrator Camille Tooker was on vacation. All members of the council were in attendance for the meeting.

The next city council meeting will be held on August 17th at 7 p.m.

Pallone Announces Agricultural Research Grants for Rutgers University

Press Release 8/2/16

WASHINGTON, DC — Today, Congressman Frank Pallone, Jr. (NJ-06) announced that two projects under the direction of Dr. Cristi Palmer at Rutgers University, New Brunswick have been awarded \$2.9 million in federal grants through the U.S. Department of Agriculture's National Institute of Food and Agriculture (NIFA) Specialty Crop Research Initiative. The funding was authorized by the 2014 Farm Bill and will support a broad range of agricultural research and extension activities. Specifically, Dr. Palmer's research will address two areas of growing concern — the im-

pact of downy mildews and the declining health of pollinator populations, both of which threaten global food production.

"In the current environment, farmers face a variety of challenges that make it harder to produce the safe, affordable and nutritious food that Americans have come to rely on. And as we look at ways to overcome these barriers, you cannot overstate the importance of investing in research," said Congressman Pallone. "Rutgers University has a long history of supporting the Garden State's agricultural production and through advances made in projects like these, we can continue to enjoy Jersey fresh

blueberries for generations to come."

USDA's Specialty Crop Research Initiative (SCRI) develops and disseminates science-based tools to address the needs of specific crops. The funded projects address research and extension needs that span the entire spectrum of specialty crops production from researching plant genetics to improving crop characteristics; identifying and addressing threats from pests and diseases; improving production and profitability; developing new production innovations and technologies; and developing methods to respond to food safety hazards.

Scutari & Vitale Bill to Allow Medical Marijuana to Treat PTSD Goes to Governor

News Release 8/1/16

TRENTON – Legislation sponsored by Senators Nicholas P. Scutari and Joseph F. Vitale to add post-traumatic stress disorder (PTSD) to the list of debilitating medical conditions that would qualify a patient to receive medical marijuana under the New Jersey Compassionate Use Medical Marijuana Act was approved today by the Senate.

“Millions of people in this country suffer with PTSD, including many military veterans. Extending access to those in New Jersey with this condition can help to ease the pain these individuals experience,” said Senator Scutari (D-Union), chair of the Senate Judiciary Committee. “We know that individuals with PTSD are using marijuana that they are getting from the streets. By doing so, they are at risk of purchasing a substance that may be laced with a dangerous additive and of getting a criminal charge.”

“We have heard from military veterans who are desperate for help to address their symptoms of PTSD, and through testimony before the Legislature have confirmed that marijuana is an effective treatment,” said Senator Vitale, chair of the Senate Health, Human Services and Senior Citi-

zens Committee. “Including PTSD as a qualifying condition is the right thing to do to, and it’s the compassionate thing to do for those that are seeking assistance.”

Sponsored by Senator Scutari, the Compassionate Use Medical Marijuana Act was signed into law in 2010, authorizing individuals with certain debilitating medical conditions to receive medical marijuana. The current law limits use to individuals suffering from seizure disorder, including epilepsy, intractable skeletal muscular spasticity, and glaucoma. The Department of Health commissioner is authorized to update the list of qualifying conditions but has not yet acted to include PTSD. This bill (S-2345) would add PTSD to the list of qualifying medical conditions.

PTSD is a mental health condition that is triggered by a traumatic event such as a physical or sexual assault, childhood neglect or physical abuse, a natural disaster, exposure to combat, or other extreme or life-threatening events. Symptoms can include flashbacks, nightmares, severe anxiety, uncontrollable thoughts about the event, emotional distress, physical symptoms, feelings of numbness or detachment,

engaging in dangerous or self-destructive behavior, and experiencing suicidal thoughts.

Currently nine states, of the 23 that have legalized marijuana for medical purposes, include PTSD as a qualifying condition. Independent studies have recommended marijuana as a treatment for PTSD, finding that it worked better to control chronic stressors than prescribed medications without adverse side effects. Some studies have gone so far as to conclude that it should be considered first in the treatment of PTSD.

Approximately 7.7 million American adults suffer with PTSD in a given year. PTSD is especially common among military veterans. According to the United States Department of Veterans Affairs, up to 20 percent of Operation Enduring Freedom and Operation Iraqi Freedom veterans, up to 10 percent of Gulf War veterans, and up to 30 percent of Vietnam War veterans have experienced PTSD. The actual numbers are likely higher because PTSD is underreported and often misdiagnosed.

The bill was approved today in the Senate by a vote of 29-9. The Assembly approved it previously by a vote of 56-13-7. It now heads to the governor’s desk.

Pallone & Army Corps of Engineers Announce Second Phase of the Hurricane and Storm Damage Reduction Project in Port Monmouth

Press Release 7/22/16

LONG BRANCH – On 7/22/16, Congressman Frank Pallone, Jr. (NJ-06) announced that the U.S. Army Corps of Engineers has awarded a \$13,696,687.00 contract for the Hurricane and Storm Damage Reduction Project in Port Monmouth. The contract will help fulfill the project’s second phase, which includes constructing a system of levees, a floodwall, a tide gate, road closure structures, road raising and pump stations. The funding is part of the \$110 million allocated for Port Monmouth in the Sandy relief package that Pallone worked to secure in 2013. The contract was awarded to Kyle Conti Construction of Hillsborough, New Jersey.

“Many in Port Monmouth faced serious flooding during Sandy, unlike anything this community has ever seen,” said Pallone “All along the Bayshore, flooding has be-

come an increasingly common phenomenon as severe storms have become more frequent and residential and commercial development has increased. The work being done here will strengthen our local infrastructure, reduce future damage, and keep our communities safe. I have been working to bring this project to fruition for years, so I’m pleased that the second stage is underway.”

The first phase of the project was successfully completed in June of 2015 and included dune restoration, beach replenishment, groin work, extension of the fishing pier, and construction of protective dunes. The entire \$110 million effort will offer significant protection to the area, which has suffered frequent flooding, erosion and damage from rain and coastal storms in recent years. The Army Corps of Engineers hopes to complete the entire project by 2019.

The Choice

One of the many planters on Smith Street Business District provided by the UEZ/BID *Photo by Carolyn Maxwell

Recently, there have been many trees cut down in Perth Amboy. Many of these trees are old Sycamore Trees which have grown and uprooted sidewalks. Their branches also interfere with power lines causing safety hazards. Although these trees had to be cut down, it leaves a baron feeling on the street. On many of these streets, the sun beats down and subsequently it's very hot there.

How often when a new resident buys a house, the first thing they do is pull out all the flowers, cut all the bushes and small trees causing urban blight.

Why does the City have any rules about replacing trees when they are cut down. There are many species of trees that are not obtrusive and do not grow to an enormous size yet they are beautiful and green. These trees can be easily planted and maintained.

Many people do not clean their yards up nor do they sweep in front of their house.

Until the ordinances in effect are enforced, this will continue.

While some work at it to make the City look ugly, others work to beautify the City.

One such individual who helps beautify the City is a woman named Rose who belongs to the Royal Garden

Club. I often see her planting flowers at the Ferry Slip and the curbs by the Boat Basin and other parts of Perth Amboy. She's always tending the gardens.

The Royal Garden Club plants and maintains many of City's Gardens. The Girl Scouts planted an herb garden at the Kearny Cottage. The City has placed planters all along Smith Street provided by the UEZ/BID. These gardens are maintained and are bright spots in the City.

Many residents and landowners in Perth Amboy have private gardens. They also keep their properties in order.

It has to be a combination of cooperation of the residents and the enforcement of ordinances by the City. The choice is you can have a beautiful City or urban blight.

It has been said by the Native Americans: *At the Creation of the Earth, The Great Spirit gave out four gifts: To the bear he gave the gift of smell; to the eagle he gave the gift of sight and the deer got the gift of hearing. It has been said that if a feather fell to the earth the bear would smell it; the eagle would see it and the deer would hear it. But to man, he gave the greatest gift of all, the power to preserve the earth.* **K.M.**

THE COMMUNITY VOICE

I Love a Good Dog and Pony Show

As the title says, I love a good "dog and pony show". That's probably the reason I watch political debates and conventions. I have to admit, there is more glitz and glamour at the conventions than the debates.

The debates are comprised of candidates running for the same office, (in the same political party), standing on a stage telling everyone why their ideas are better than the other guys or gals and that the other guys or gals are schmucks. Then the schmuck gets the nomination and the loser endorses him or her, throwing his support behind them one hundred percent. A week ago he or she was an incompetent boob this week they are Gods' gift to our country.

Then there's the conventions, with all the hoopla, banners and signs, cheering crowds and funny hats. And let's not forget the booze, parties, and hospitality rooms. The millions of dollars wasted on these extravaganzas that could be better spent on the poor down trodden people who the politicians will claim to care about in the fusillade of hot air called speeches that will be made at these conventions.

Poor Bernie gets the short end of the stick by the DNC but still fights on. Not too long ago Hillary was in the pocket of Wall

Street and supported the TPP. Now she's the only hope of getting your socialist agenda past and she promised you that she would not support the TPP as written. Good luck with that. Did she cross her heart and swear to God?

Then there's the speech made by our commander and chief. In it he quotes Theodore Roosevelt. It went something like this;

"That's what happens when you're the kind of citizen Teddy Roosevelt once described – not the timid souls who criticize from the sidelines, but someone "who is actually in the arena... who strives valiantly; who errs...[but] who at the best knows in the end the triumph of high achievement."

Well here's another quote from Teddy;

"In the first place, we should insist that if the immigrant who comes here in good faith becomes an American and assimilates himself to us, he shall be treated on an exact equality with everyone else, for it is an outrage to discriminate against any such man because of creed, or birthplace, or origin. But this is predicated upon the person's becoming in every facet an American, and nothing but an American ... There can be no divided allegiance here. Any man who says he is an American, but something else also, isn't an American at all. We have room for but one flag, the American flag ... We have room for but one

language here, and that is the English language ... and we have room for but one sole loyalty and that is a loyalty to the American people."

I guess he missed that one.

Then Hillary used a quote from Franklin Roosevelt in her speech referring to The Donald's' policy on radical Islamic extremists coming into this country. It went something like this;

"He wants us to fear the future and fear each other."

Well, a great Democratic President, Franklin Delano Roosevelt, came up with the perfect rebuke to Trump more than eighty years ago, during a much more perilous time.

"The only thing we have to fear is fear itself."

This would be the same great Democrat who a little less than 9 years after he said that signed executive order number 9066 ordering the interment of approximately 120,000 Japanese Americans in concentration camps after the sneak attack at the World Trade...Err...Pearl Harbor. That Franklin Delano Roosevelt? Heck, Trump only wants to keep our enemies from coming into the country; I didn't hear anything about putting Muslim Americans in concentration camps. Maybe I missed that one.

Yep, I just love a good dog and pony show.

Some New Ambling's

I am the Amboy Ambler II. There was an Amboy Ambler who wrote for the Perth Amboy Evening News (if anyone of us old folks may remember) and he or she ambled about giving observations about the town. This Ambler will just give observations - not opinions, which will be left for more important folks. As this Ambler ambles about, I observe Perth Amboy as I see it. This is the first ambling report.

The Ambler is always observing the town and this Ambler sees many, many people living in town. Every attic has an air conditioner in it and every roof has several TV disks. The Ambler only ambles - not drive, but if this Ambler drove, a parking place would be hard to find; every car on the street has a resident sticker. All this tells the Ambler is that there are a lot of people who live here. Because of this large amount of people, there is lots of garbage. The Am-

bler loves to look at garbage as it tells the tale of the people producing it.

As I wander about on garbage night, I see lots of stuff being thrown out. Some houses have a lot of "stuff" and the amounts of "stuff" tell the tale of the residents such as take out receptacles and diaper bags. This shows the hard lifestyle they lead -hard working parents – singles, etc. Every now and then a mountain of trash appears in front of a house. The Ambler examines its contents: beds, mattresses, cribs, old furniture, appliances, etc. A family has moved leaving behind that which is no longer needed. The Ambler goes to a secluded area and low and behold the mountain grows from neighbors adding there unwanted items, or a car or truck appears and more stuff is added. The mountain can grow double in size in a matter of hours. Ah, the lore of getting rid of stuff. By a day's time, the Public Works Department workers make the trash disappear. (The Ambler has seen other towns have trash

piles for days). The Ambler loves to observe the city trash receptacles and wonders if they are ever empty. Quietly observing an empty trash can, I have seen businesses deposit trash, home owners, cars stopping and unloading two or three bag and sometimes a person will put litter in it. The Ambler notes that the trash is not in the street but in the receptacles.

Yes, trash tells a story. Often the Ambler looks into yards piled with trash and have seen little creatures frolicking in the piles, also in open trash cans and plastic bags. The new trash receptacles with heavy tops stop this. I have seen the little fellas looking at the cans with a sad face.

Yes my friends, trash tells a tale of woe and triumph over a never ending war of what we must throw out and our city continues to fight this never ending battle. I must leave now as it is garbage night and I must amble.

***This Week in World War II
75 Years Ago***

By: Phil Kohn. *Dedicated to the memory of his father, GM3 Walter Kohn, U.S. Navy Armed Guard, USNR, and all men and women who have answered the country's call in time of need. Phil can be contacted at ww2remembered@yahoo.com.*

From Moscow on August 8, 1941, Marshal of the Soviet Union Semyon Timoshenko, commander of the Western and Central Fronts of the Red Army, issues a proclamation to all Soviet citizens in enemy-occupied areas. He urges them to join partisan forces, carry out Stalin's "scorched-earth" policy and "wreak merciless vengeance on the enemy . . . for the death of your children . . ." Farther south, German and Romanian troops begin a siege of the Ukrainian Black Sea port of Odessa. In China, Japanese air forces begin a week of air raids on Chungking. A total of 40 raids are recorded by August 13th.

Franklin D. Roosevelt and Winston Churchill — who has arrived from the United Kingdom aboard the battleship *HMS Prince of Wales* — meet onboard the heavy cruiser USS Augusta at (U.S.) Naval Station Argentia, Newfoundland, Canada, on August 9. In the U.S., in a speech in Cleveland, Ohio, Charles Lindbergh accuses "interventionists" of creating "incidents and situations" that will drag the U.S. into war.

On July 10, the British and Soviet governments pledge to assist Turkey if that country is attacked by Axis forces. In the Gulf of Finland, German submarine *U-144* is sunk by the Soviet submarine *Shch-307*.

Finnish attacks on Red Army forces south of Lake Ladoga reach Vuosalmi on August 11. In Russia, the Red Army launches a counterattack near Yelnya, about 51 miles from Smolensk. Royal Navy Fairey Swordfish torpedo planes flying from Malta sink the Italian hospital ship *SS California* off Syracuse, Sicily.

August 12 is full of activity. In Vichy France, Marshal Pétain says in a broadcast that Germany is fighting "in defense of civilization" in the war against the Soviet Union. He announces new measures for the suppression of political parties and the creation of a stronger police force and special courts. Admiral Darlan is to be appointed to the Ministry of Defense. In Washington, the House of Representatives passes an extension of the draft period from one year to thirty months (and a similar increase for service in the National Guard) after considerable debate. The bill — similar to one approved in the Senate — passes in the House by one vote, 203–202. From Berlin, Hitler issues Directive 34: Army Group North is to continue its efforts in the direction of Leningrad; Army Group South is to begin the battle for the Crimea, Kharkov and the Donets; and Army Group Center is to halt and provide help to the other army groups. In North Africa — in response to pressure from the Australian government concerning the relief of its troops in Tobruk — Allied naval forces evacuate 5,000 Australian troops from the besieged city. Over the course of six nights, the fast minelayers *HMS Abdiel* and *HMS Latona* — escorted by a cruiser and two destroyers — land 6,000 fresh Polish troops to replace the Aussies. In Newfoundland, Churchill and Roosevelt conclude their meeting. They agree to send strong warnings to the Japanese and they come to the understanding that the U.S. will almost certainly enter the war if Japan attacks British or Dutch possessions in the East Indies or Malaya. The two leaders also send a message to Stalin, proposing a meeting in Moscow. From Ottawa, the government orders all Canadian citizens of Japanese ancestry to carry a registration card.

The Soviet government on August 13 announces the release of all Polish prisoners of war captured in September 1939 when the U.S.S.R. invaded and took over eastern Poland. Also announced is an "amnesty" (from persecution) of ethnic Poles who are living in the areas absorbed by the Soviet Union. (The reason: The Soviets would like to entice Poles to join the Red Army.) The Nazi occupation authority in the Baltic states of Estonia, Latvia and Lithuania orders all property owned by Jews to be registered and confiscated; all money and personal valuables must be handed over immediately.

On August 14, President Roosevelt and Prime Minister Churchill jointly issue the Atlantic Charter, which sets goals for post-war international cooperation. The Soviets begin to evacuate their Black Sea naval base at Mykolaiv, Ukraine. Eight destroyers of the Black Sea Fleet cover the operation, which lasts through August 17th. Of the ships under construction in the port, 13 are far enough advanced to be towed away, but one battleship and 10 other vessels still in the construction ways are blown up.

Novena to St. Rita

O holy protectress of those who art in greatest need, thou who shineth as a star of hope in the midst of darkness, blessed Saint Rita, bright mirror of God's grace, in patience and fortitude thou art a model of all the states in life. I unite my will with the will of God through the merits of my Savior Jesus Christ, and in particular through his patient wearing of the crown of thorns, which with tender devotion thou didst daily contemplate. Through the merits of the holy Virgin Mary and thine own graces and virtues, I ask thee to obtain my earnest petition, provided it be for the greater glory of God and my own sanctification. Guide and purify my intention, O holy protectress and advocate, so that I may obtain the pardon of all my sins and the grace to persevere daily, as thou didst in walking with courage, generosity, and fidelity down the path of life. *(Mention your request.)* Saint Rita, advocate of the impossible, pray for us. Saint Rita, advocate of the helpless, pray for us.
Recite the Our Father, Hail Mary, and Glory Be three times each. K.M. & C.M.

Prayer to the Blessed Virgin

(Never known to fail)
O Most Beautiful Flower of Mt. Carmel, Fruitful Vine, Splendor of Heaven, Blessed Mother of the Son of God, Immaculate Virgin, assist me in my necessity. O Star of the Sea, help me and show me herein you are my Mother. O Holy Mary, Mother of God, Queen of Heaven and Earth, I humbly beseech you from the bottom of my heart to succor me in my necessity *(make request)*. There are none that can withstand your power. O Mary conceived without sin, pray for us who have recourse to thee *(3 times)*.
Holy Mary, I place this cause in your hands *(3 times)*.
Say this prayer for 3 consecutive days. You must publish it, and it will be granted to you. G.T.A.
